ABOUT US

In 2015, while looking for a conversion kit for our son's crib, we discovered that his crib had been discontinued. It was nearly impossible to locate the conversion kit in order to convert his crib to a full size bed. After speaking with many parents, we realized we were not the only ones with this problem. We had spent so much money on his crib (and matching furniture) in hopes of converting it one day. When we did eventually find a kit, we discovered that the kit was poor quality and made from PLYWOOD. Really? We did not feel comfortable allowing our son to sleep on his new bed. So we vowed to make it easier for other parents by providing our customers with quality conversion kits made of 100% SOLID WOOD! Hence, Grow-with-Me Crib Conversion Kits was born.
